ABOUT US

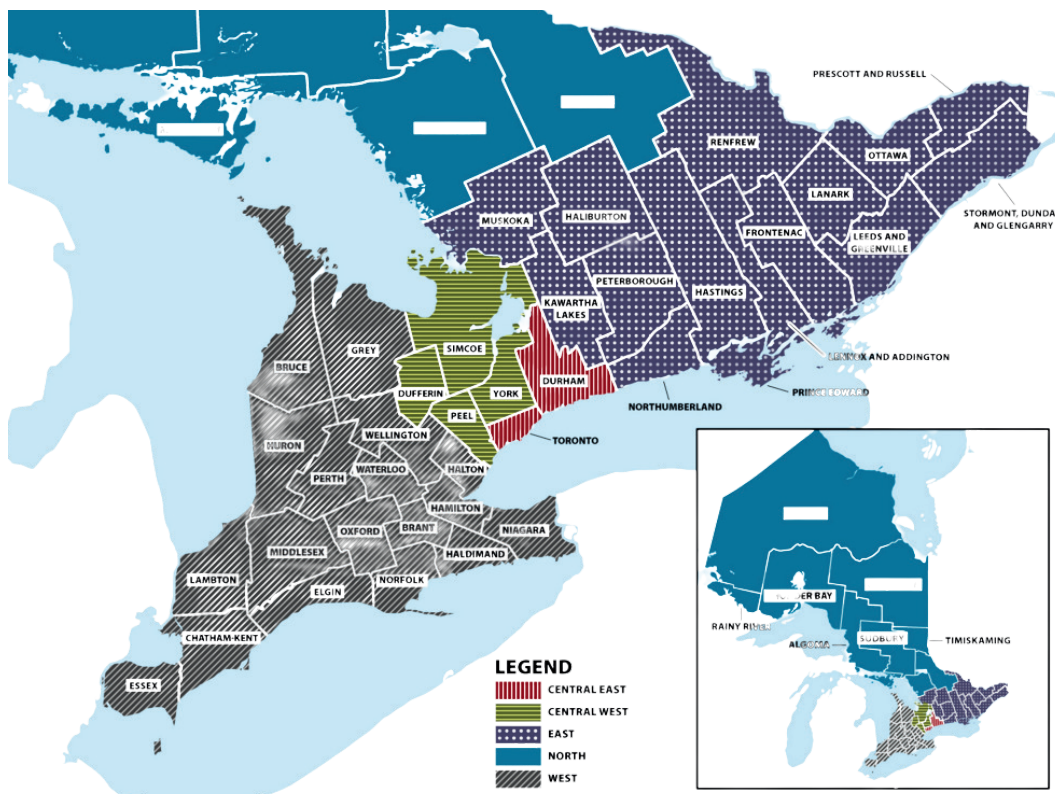

At Ecostrat, we believe that healthy animals start with a comfortable place to rest — and that starts with the bedding beneath them.

We're proud to be Ontario's trusted source for high-performance sawdust bedding, crafted to give your livestock the comfort and care they deserve. Whether you're raising cattle, caring for horses, or managing a poultry operation, our bedding is carefully sourced and processed for exceptional absorbency and reliability — so you can focus on what matters most: your animals.

What sets us apart is our roots. We work hand-in-hand with local Ontario farms and industries, building partnerships that are good for your operation, good for our communities, and good for the environment. Eco-conscious from the ground up, we're committed to solutions that work hard without costing the earth. When you choose Ecostrat, you're not just buying bedding — you're joining a network of farmers and producers who care about doing things right.

Proudly serving all of Ontario.
