

# Barry County / Hastings Enterprise Dr.

**All existing facility locations are approximate and are not to be used for construction purposes.  
Always contact MISS DIG 811 before you dig.**

## Electric Site Benefits

- **Distribution System**
  - The distribution system is located adjacent to the site.
  - Current available capacity is 2 MW with minimal upgrades. Additional capacity may be available with system upgrades.
- **46 kV System**
  - The 46 kV system is located approximately 1 mile away.
  - Facilities will be sized to meet the energy needs of the customer and available system capacity determined at the time of a specific request.
- **138 kV System**
  - The 138 kV system is located approximately 3 miles away.
  - Facilities will be sized to meet the energy needs of the customer and available system capacity determined at the time of a specific request.

## Natural Gas Site Benefits

- **Distribution System**
  - A 2-inch medium-capacity gas mains with a maximum allowable operating pressure (MAOP) of 60 psig is currently available along Enterprise Drive.
  - High pressure gas facilities on State St. to the North if more capacity is needed.
  - Delivery pressure will depend on customer needs and hourly load.
  - System improvements may be needed based on hourly load and pressure needs.
